

# The Memquisit News

Year 2 Issue 15

July 2008

*Welcome to our fourteenth Newsletter.*

Already a month into the season and boy what a season it has been so far. We have been very busy to date much to our liking. The weather has not been very cooperative with rain showers seen on most days with very little sunshine. I can't ever recall this area having continuous wet rainy weather like we've had in June. Hope it's not a sign of things to come. If so we will have to start thinking of building a dome to cover Memquisit Lodge and the West Bay area. I wonder if our dear old government would help subsidize such an endeavor... nah, I don't think so. Oh well nothing like dreaming.

On a positive note, fishing has been pretty good in June. There certainly has not been a fire ban to date. With this much rain on the ground there probably won't be any this summer. I can tell you that the forest is beginning to look a lot like the rain forest. Everything is

so green and alive. It is quite amazing to see. If you are a photographer or love taking pictures this is worth taking shots of.

## The Fishing Report

As mentioned earlier, fishing to date has been pretty good. One thing to note is this trend has remained consistent throughout the entire beginning of our season. It's nice to see that our guests are regularly bringing in some fish and some nice ones to boot. Muskie and Bass seasons are under way. Bass fishing has been very good even prior to it's opening weekend. Some nice muskies have been caught and successfully released. Most of the walleyes caught in the latter part of the month have been in the weeds at anywhere from 8 – 12 feet of water.

## Lake Condition

The water temperature is in the low seventies. The lake water level is well above normal as a result of an almost com-

plete month of rainy weather. Reports were that the weed growth is normal topping off in several areas of the lake.

## Weather Update

The entire month of June aside from a couple of days here and there was extremely wet and relatively cool. July forecasts looks more promising with dryer and warmer conditions expected.

## What's New?

The crew is currently in maintenance mode, which is typical for this time of the year. The major projects for the year are completed and taking care of our guests is our main concern.

If you have any questions or comments, please drop us a line @ [info@memquisit.com](mailto:info@memquisit.com) or call us using our toll free number 1-888-898-5326. We will be happy to assist you as best as we can.

See you this summer.

# Last Minute Deals

Year 2 Issue 15

July 2008

We have several mid-week spots available during the month of July and the beginning of Aug. If these dates fill your bill then you are going to receive some huge savings of up to 50% off the regular cabin price. If you could never previously afford our meal plan well you probably can now with some last minute deals. Receive from 25% to 40% off the meal plan price for available spots. The following table outlines these deals. Don't miss out on some awesome deals by taking advantage of these specials. Summer is a great time to fish.
