SEPT 2009

## *Welcome to our Twenty Eihgt Newsletter.*

Hello again folks. The month of August has come and gone. No sooner we begin a month we end it. Weather, my pet peeve, has been somewhat better than its July counterpart. There were some faint signs of summer throughout the month with the week of August the 9th being the best we've had all summer. It was nice to see the beach full of kids swimming and playing throughout the day, as kids should do in the summertime. Yep, August provided us with a little summertime weather and fun. Guess what, the rain and cooler temperatures are back to no one's surprise.

The kids are headed back to school and hunting season is just around the corner. As quickly as September came around as quickly it will leave, then October will set in and we will prepare to close up shop for another season. To be honest with you I do not see

the time go by. We were pretty busy this season even though the weather did not cooperate. We are pretty happy with the overall bookings considering this has been a very tough year for a lot of people. We want to thank you for coming to our lodge and spending some quality time with us. Your patronage is very much appreciated.

We will be working on our lot development in October. The surveyors should be coming in during October to establish the boundaries for each lot. We expect to be taking in deposits on the lots over the winter and proceed with roadwork and utilities by early next summer. This has been a long journey for us and has required a lot of patience. We want to thank those that also have been patient with us along the way. The lots will be anywhere from 3 to 4 acres in size with 200 feet of water frontage. If anyone is interested in the possibility of acquiring a lot, please send us an email and we will contact you as soon as we begin

the process of taking in deposits. We will have a total of 31 lots for sale all located in the prime areas of our property. If you have any questions concerning this project, please feel free to come in contact with us and we will gladly answer all of your questions.

## *Lake Conditions*

The lake water temperature remains in the mid 70's, peaking during the week of the ninth in the upper 70's. The water level is little high for this time of the year. The weeds are slowly coming around but to no great extent.

## *Weather Updates*

The weather pattern continues to be that of May and September. One week, as mentioned above, is worth mentioning since it was basically our summer. Hopefully September is a little better

## ***Fishing Report***

Fishing was a little all over the place during August, with some days being very good, others mediocre and of course other days being tough, at least on the walleye side. The guides were out several times during the month and did rather well most of the time, not exceptional but not too bad. I would almost dare saying that everything is approximately 3 weeks late this year. The weed growth is not as it should be while the water remains cooler than normal. Some nice size muskies were caught during the period. Pike fishing and with bass fishing remained pretty good throughout the month.

## **What's New?**

Please be advised that the water coming out of the taps at most of our cabins is not potable with the exception of Cabin 4, 5 and 18 which do have potable water. We do have potable water available at the lodge by the wash dock, so please bring some containers on your trip

so you can fill them up. This potable water is tested on a monthly basis

Again, please be reminded that if you are a Canadian resident, September the 13th, 2009 is the deadline to get your boater's card.

Please visit our website at [www.memquisitlodge.net](http://www.memquisitlodge.net) Hope you enjoy it.

If you have by chance any topics you would like to see or read about in upcoming newsletters, please let me know by writing me an email at the address below. We will be happy to assist you as best as we can.

Thank you for your patronage.

Please do not forget about our last minute deals listed on the last page of the Newsletter.

We have some spots available during the month of September and October. If these dates fill your bill then you are going to receive some huge savings of up to 50% off the regular price on Housekeeping cabins. If you could never previously afford our meal plan well you probably can now with some last minute deals. Receive 25% off the meal plan price for available spots. The table on the last page outlines these deals. Early Fall is a great time to fish for big Musky or Northern Pike. Note the following specials may be added to an existing reservation but may not be substituted for an existing reservation. Cancellation policy will apply to all reservations.

# THE GUIDE REPORT

The guides were out again on several occasions during the month. The success per day is very typical of how fishing has been so far this year. Walleyes are our guide's main target.
